17.72"W x 16.93"D x 30.79"H

TEMPERATURE RANGE

-11.2°F to 10.4°F adjustable

WEIGHT

39.7 pounds for easy mobility

ENERGY EFFICIENCY

Energy-saving design for low power use

DESIGN

Reversible door with stainless steel finish

Who It Is For

-  Students needing dorm storage
-  Small households with limited space
-  Office workers requiring countertop storage
-  Apartment dwellers needing compact cooling

Who It Is Not For

-  Users requiring large freezer capacity
-  Those needing frequent temperature adjustments
-  Heavy-duty commercial use
-  Spaces with limited vertical clearance

Trade Offs to Consider

-  Smaller capacity than standard freezers
-  Limited temperature adjustment options
-  No built-in defrost function
-  Requires manual shelf repositioning

How It Compares

- Smaller than standard upright freezers
- More compact than traditional models
- Fewer temperature settings than premium units
- Simpler design with fewer features

Choose This If...

- ✓ Need compact freezer for small spaces
- ✓ Prioritize energy efficiency
- ✓ Require reversible door access
- ✓ Looking for simple, lightweight design

Skip This If...

- × Need larger storage capacity
- × Require advanced temperature controls
- × Need commercial-grade durability
- × Have limited horizontal space
