

Coolski MF-23-1 Commercial Freezer 1 Solid Door Upright Stainless Steel Freezer with Auto-Defrost and LED Lighting

QUICK BUYER GUIDE

Restaurants and cafes need durable, efficient 19.32 cu.ft stainless steel freezer with auto-defrost and LED lighting

At a Glance Specs

CAPACITY

19.32 cubic feet with 4 adjustable shelves

DIMENSIONS

31.5" deep x 27" wide x 82.68" tall

WEIGHT

274 pounds with heavy-duty casters

VOLTAGE

115 volts for standard electrical setup

SHELVES

4 adjustable shelves for heavy item storage

CASTERS

4 swivel casters with 2 front brakes

TEMPERATURE RANGE

-13°F to -5°F for optimal food storage

ENERGY EFFICIENCY

Smart fan cooling reduces energy use

Who It Is For

-  Restaurants needing heavy-duty storage
-  Cafes requiring energy-efficient cooling
-  Bars with stainless steel aesthetic needs
-  Commercial kitchens with tight spaces

Who It Is Not For

-  Home kitchens without commercial use
-  Users needing multiple door access
-  Spaces without floor drain access

Trade Offs to Consider

- Less capacity than larger commercial models
- Higher initial cost than basic units
- Requires more space than compact freezers
- No floor drain connection needed

How It Compares

- Includes condensate evaporator (no floor drain needed)
- Stainless steel construction for durability
- Auto-defrost system reduces maintenance
- Larger capacity than standard home freezers

Choose This If...

- ✓ Need durable stainless steel freezer with 19.32 cu.ft capacity
- ✓ Require energy-efficient, low-maintenance cooling
- ✓ Need secure, movable storage for commercial use

Skip This If...

- × Need compact size or multiple doors
- × Require floor drain connections
- × Looking for lower upfront costs
